

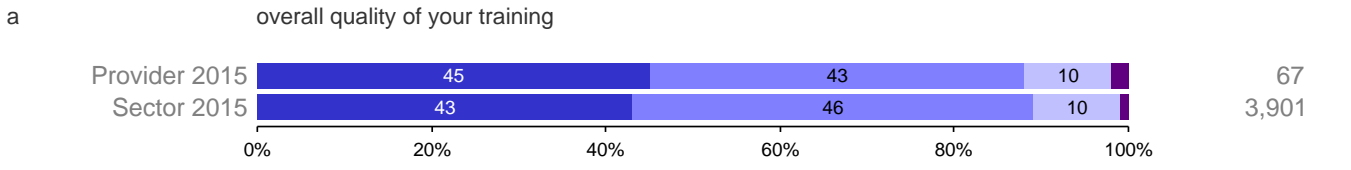

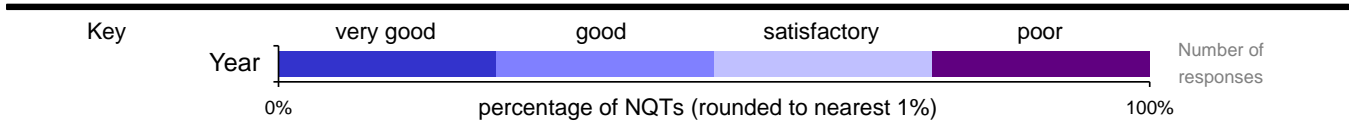

**Figure 104**      **The newly qualified teacher survey**  
**Bath Spa University, Primary courses.**

Q1                      How NQTs rated:

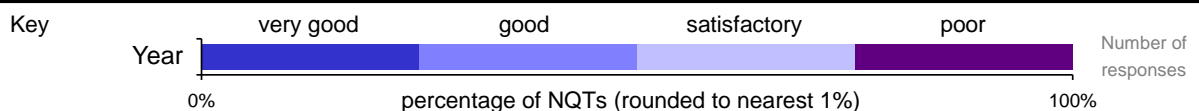

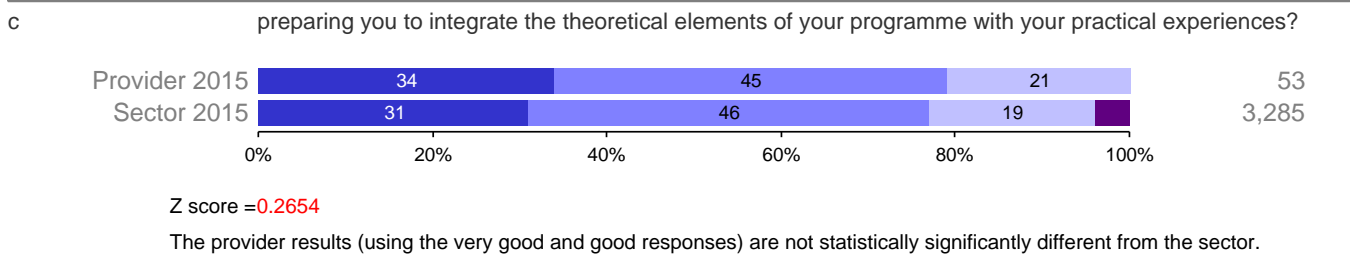

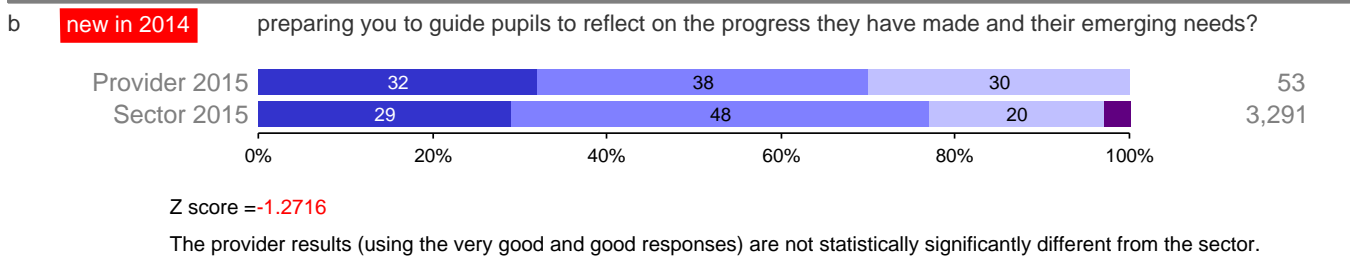

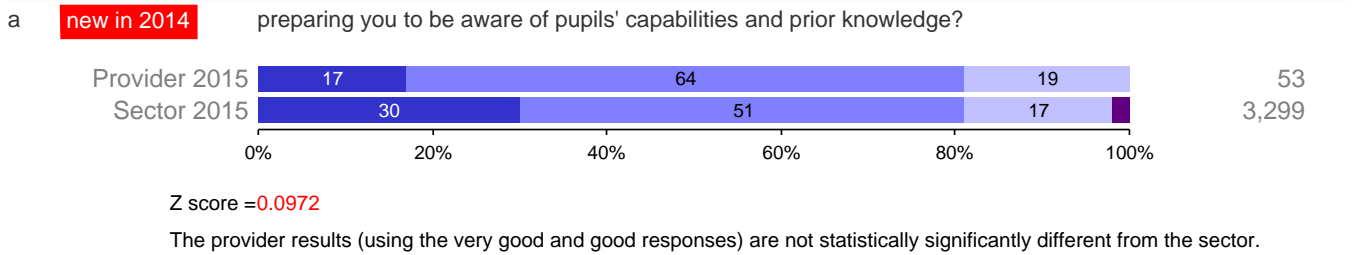

Z score = -0.2170

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

**Figure 105**      **The newly qualified teacher survey**  
**Bath Spa University, Primary courses.**

Q2                      How NQTs rated their training in:

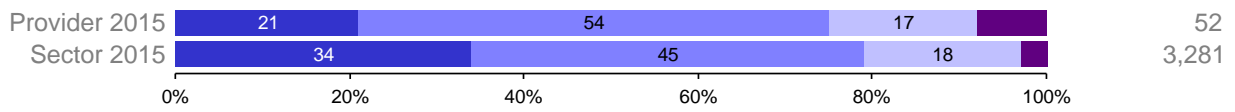

**Figure 106**      **The newly qualified teacher survey**  
**Bath Spa University, Primary courses.**

Q3                      How NQTs rated their training in:

---

a                      preparing you to understand the national curriculum?

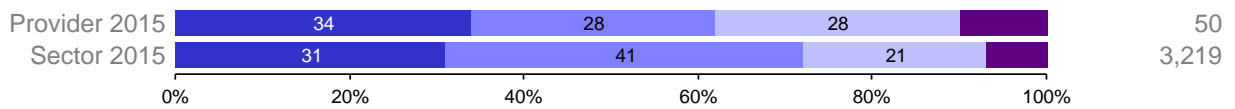

Z score = -0.7306

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

---

b                      preparing you to teach your specialist subject?

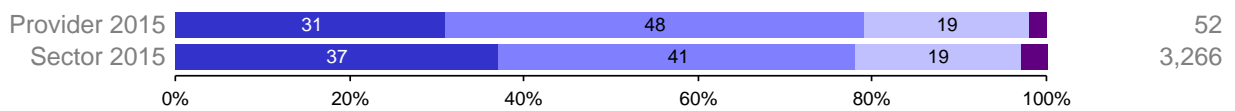

Z score = -1.5191

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

---

c                      preparing you to teach reading, including phonics and comprehension? (primary NQTs only)

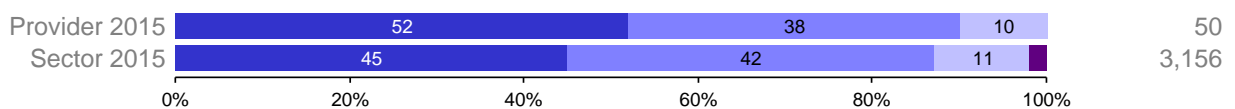

Z score = 0.2161

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

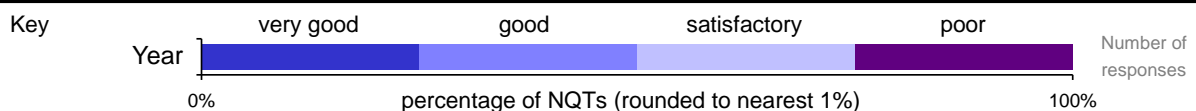

---

e                      preparing you to teach primary mathematics? (primary NQTs only)

Z score = 0.5891

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

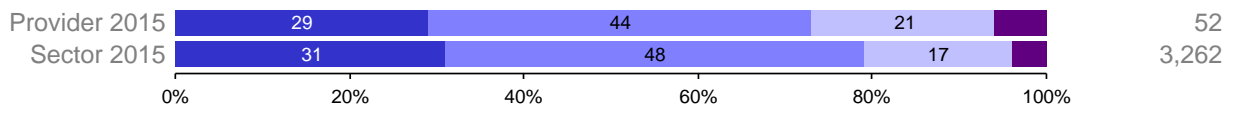

**Figure 107**      **The newly qualified teacher survey**  
**Bath Spa University, Primary courses.**

Q4                      How NQTs rated their training in:

---

a                      preparing you plan your teaching to achieve progression for pupils?

Z score = -1.1952

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

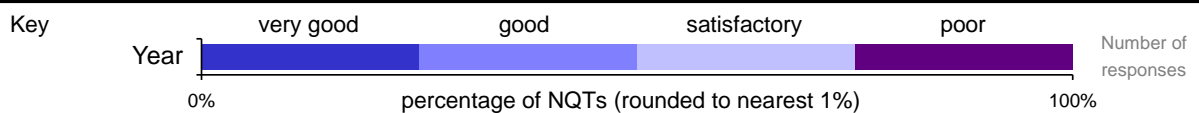

---

b                      preparing you to use a range of teaching methods that promote pupils' learning?

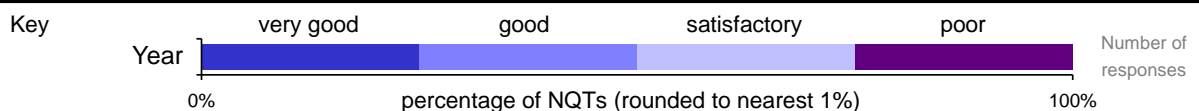

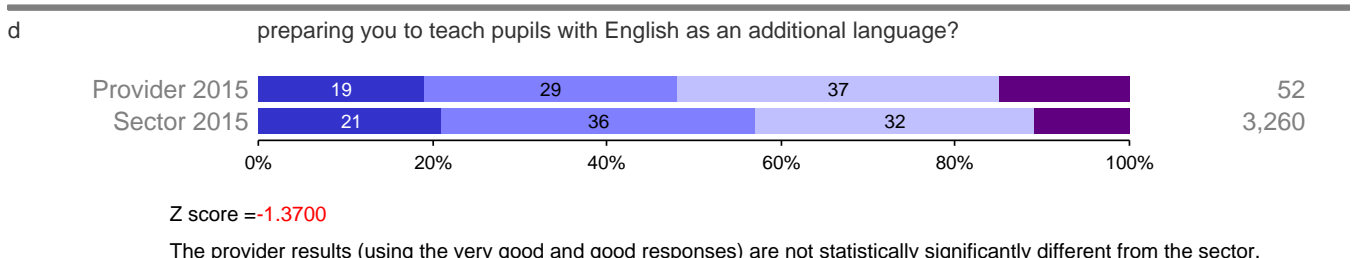

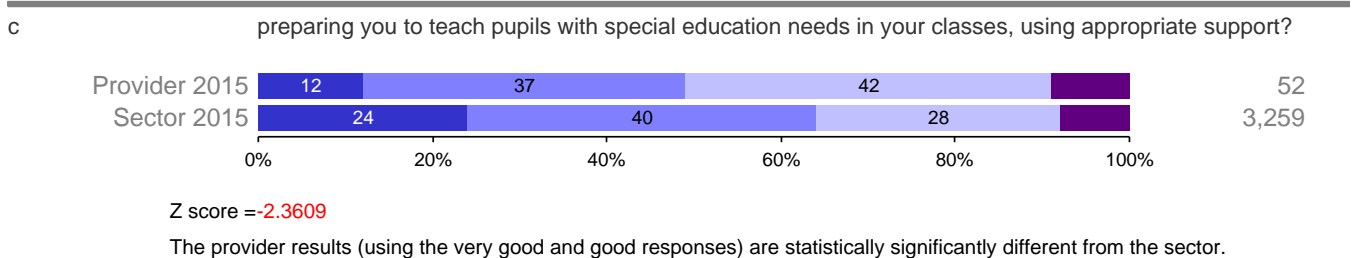

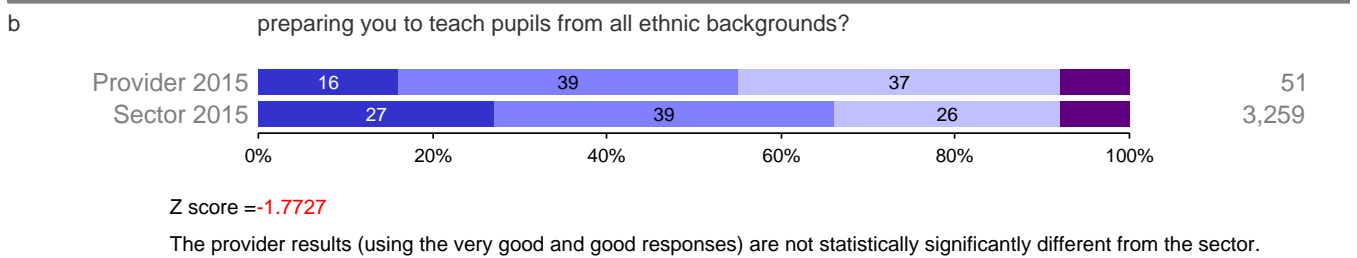

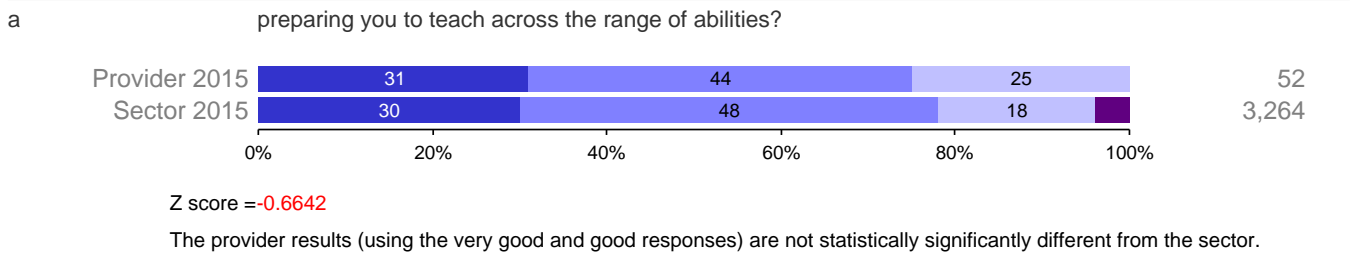

Z score = 0.3116

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

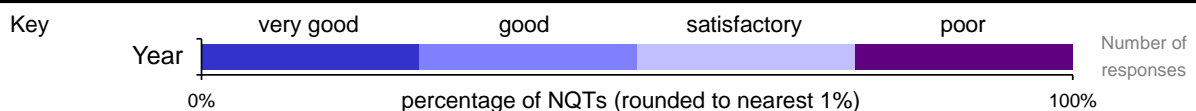

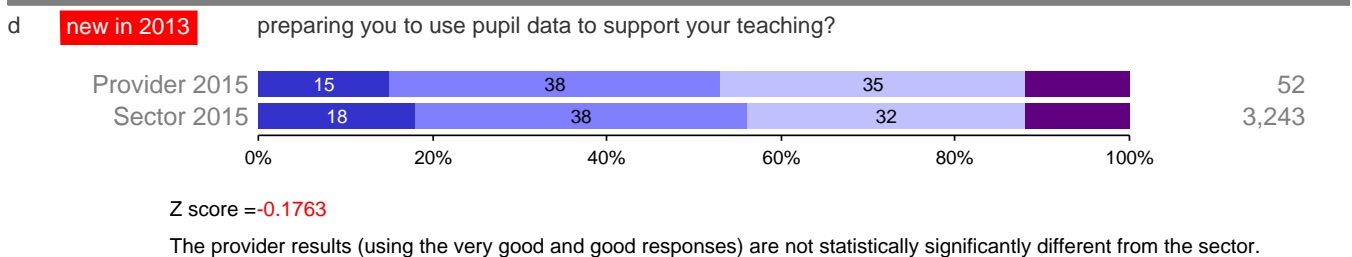

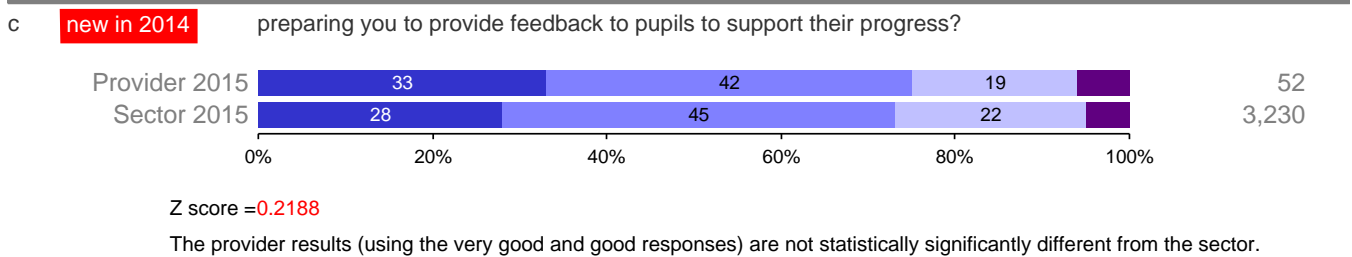

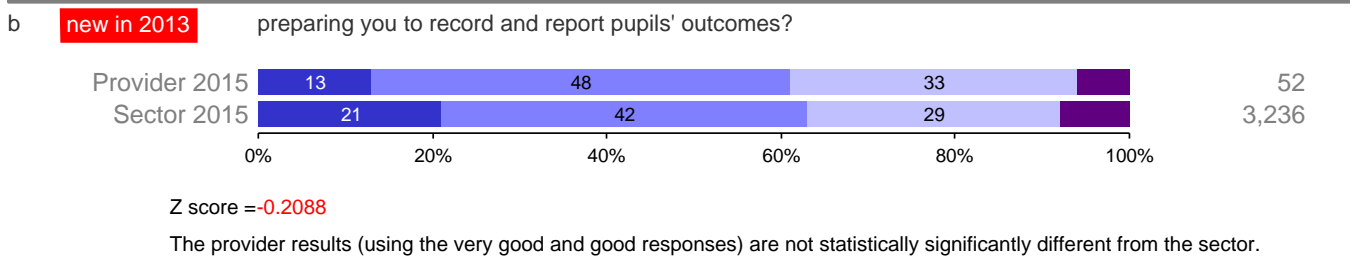

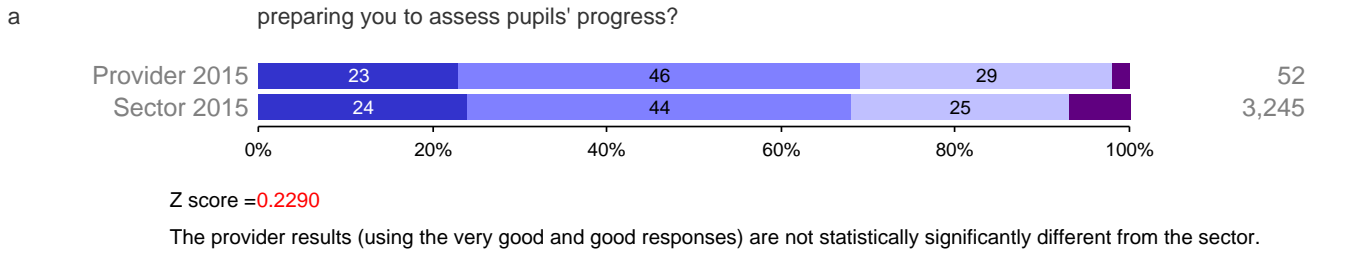

**Figure 108**      **The newly qualified teacher survey**  
**Bath Spa University, Primary courses.**

Q5                      How NQTs rated their training in:

**Figure 109**      **The newly qualified teacher survey**  
**Bath Spa University, Primary courses.**

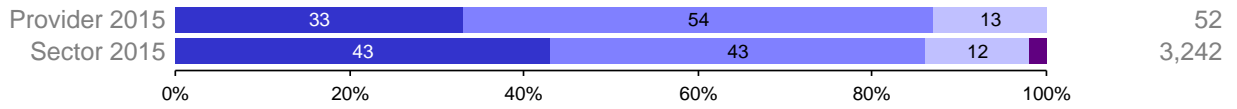

Q6                      How NQTs rated their training in:

**Figure 1010 The newly qualified teacher survey  
Bath Spa University, Primary courses.**

Q7 How NQTs rated their training in:

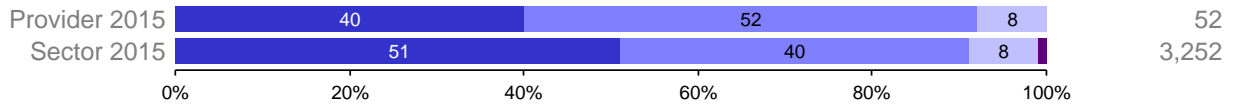

a preparing you to establish and maintain a good standard of behaviour in the classroom?

Z score = 0.1181

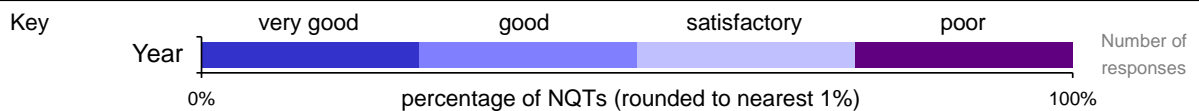

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

c preparing you for your teachers' statutory responsibility for the safeguarding of pupils?

Z score = 0.2713

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

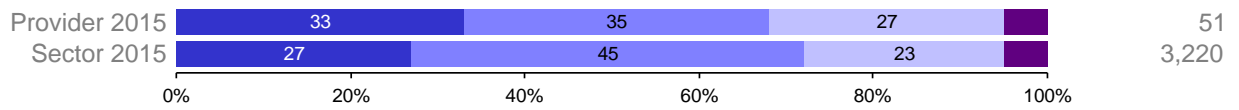

**Figure 1011 The newly qualified teacher survey**  
**Bath Spa University, Primary courses.**

Q8 How NQTs rated their training in:

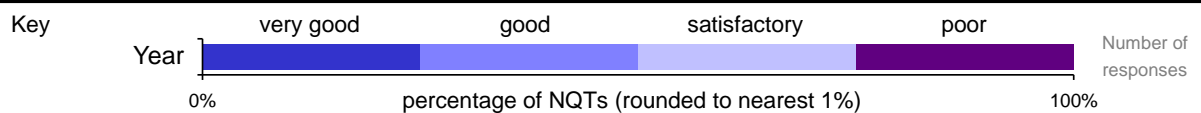

f **new in 2013** preparing you to understand and apply the findings from educational research?

Z score = -0.4844

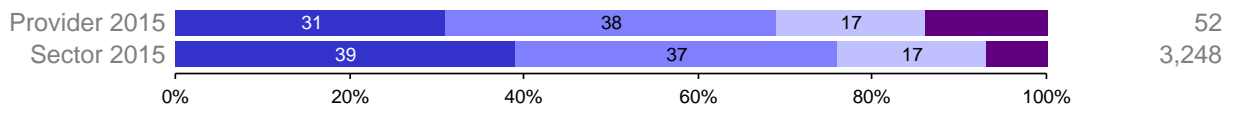

The provider results (using the very good and good responses) are not statistically significantly different from the sector.

**Figure 1012 The newly qualified teacher survey  
Bath Spa University, Primary courses.**

Q9 How NQTs rated their training in:

a preparing you to apply confidently for teaching positions (e.g. support with job applications and interviews)?

Z score = -1.1861

The provider results (using the very good and good responses) are not statistically significantly different from the sector.
